Florida CDFI Nurtures Veterans Supportive Housing Initiative

Tom Griffin started The Transition House, Inc. (TTHI) to create supportive housing to Florida residents. Today, its Veteran’s Residential Program provide veterans with counseling services, relocation services, and affordable housing in Central Florida. Florida Community Loan Fund (FCLF) believed in the importance of TTHI before traditional lenders did, and has financed TTHI with 30 loans totaling $5.9 million in housing projects.
