Innovative CDFI Helps a Couple Stay Rooted

After the ceiling collapsed in their mobile home, Brenda and Larry Woods tried to get a bank loan to try to replace the home of 30 years. But their bank wouldn’t finance a new unit in Pine Grove Mobile Home Park. Instead, the couple turned to New Hampshire Community Loan Fund (NHCLF), which awarded the Woods a home loan that would allow them to purchase a new, energy-efficient mobile home in their neighborhood.

("Community Loan Fund has made our dreams come true in more ways than one, we own a gorgeous new home and our electricity and heat costs are much lower."

Brenda Woods
Homeowner

Impact
• Couple remains rooted in community
• NHCLF has financed 700 home loans to keep families in their neighborhoods
